

Technical rider PORTA INFERI

STAGE

- covered stage min. 6x4m with height min. 4m .
Clean stage without any obstacle (all cases, bags has to be out of the stage).
- Drum riser min. 2x3m, height 40cm
- Rear ramp with lenght min. 6m, with possibility to lift it up min.3m above the stage – for backdrop banner instalation (or minimally steel rope + 2 technicians, who will instal the backdrop before the show and take the backdrop off after the show)
- Cloathing/preparation room/stand min. 3x3m on the side of the stage or behind the stage – for band's equipment preparation – covered

SOUND - FOH

- Covered standing spot with table/case for mixer
- 230V and 1 x CAT DiGiCo compatibile, space with width 160cm,

SOUND - STAGE

- CAT from FOH and 3x 230V optimally beside the drummer – right side from the view of sound engineer.
- 3 x mic stand with holder for SM58,
- 8 x XLR symetrical cables 10m on stage
- 230V front side of the stage, right and left on the stage

Local sound engineer will be available throughout the sound check of the band.

Porta Inferi has their own sound engineer, own IEM system, own FOH mixer – we don't need stage monitors.

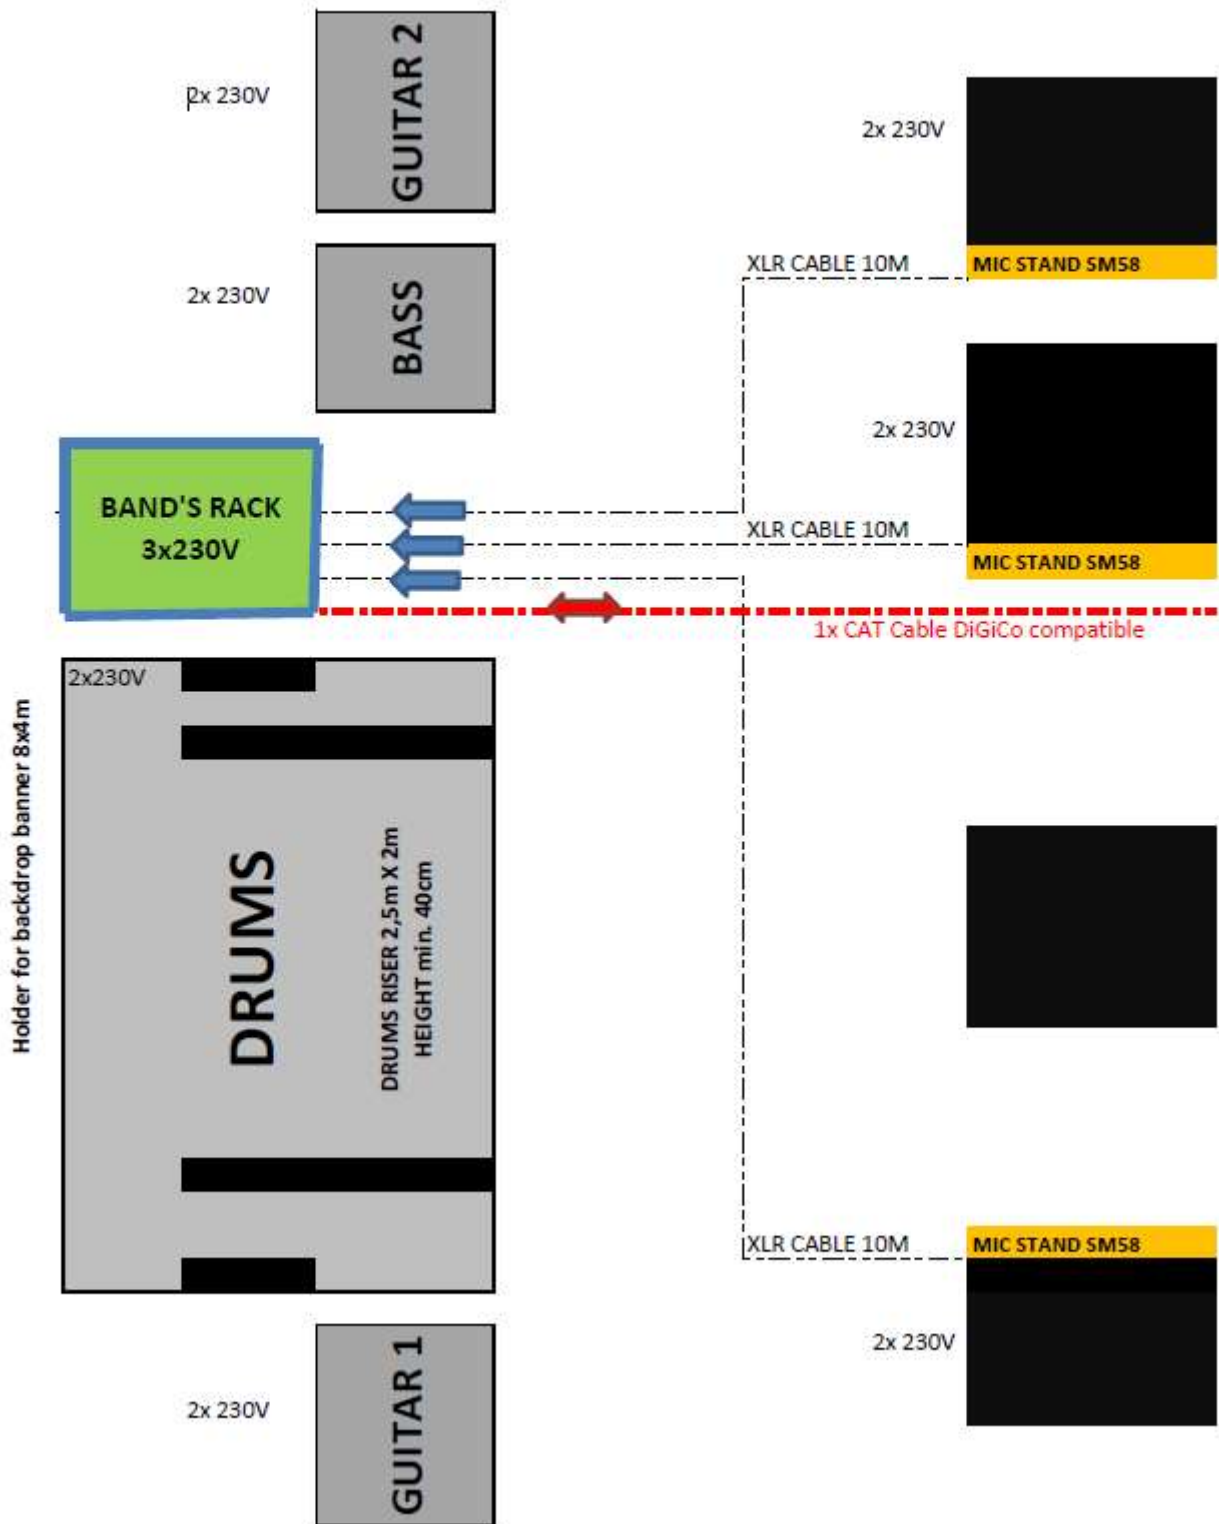

Our sound engineer will give you LR analog or AES to stage or FOH to the cables of local sound engineer.

There has to be quality PA system, well tuned with not distorted coverage of all eq bands : 40Hz-18kHz 115dBA.

Our sound engineer: Petr Pobořil, GSM: +420 775 802 901, mail: petr@poboril.cz
